

**ELECTRONIC Price List**  
**ARCHAMBAULT NORTH AMERICA**

These prices includes parts and the installation realised at the Yard in France by the Makers Technicians. All equipments are commissioned at the yard. For best accuracy, it is suggested to proceed with final calibration during sea trials. The international warranty is 3 years for B&G and 2 years for SIMRAD and LOWRANCE.

**CRUISING PACK :**            US\$

Navigation Instruments H3000 Hydra  
 Speed/Depth/Wind/Compass and VHF  
 "Cruising"

The image displays the components for the Cruising Pack. On the left is the B&G H3000 Hydra navigation instrument, which includes a speedometer, depth gauge, and wind sensor. To its right is a VHF Northstar radio. Below the main instrument are three smaller gauges: an 'Apparent Wind angle 360°' gauge, a central digital display showing '032 - 344 10.3', and a 'Magnified Wind angle' gauge. A blue B&G 7302 wind sensor is also shown. A red logo with a 'G' and 'A35 A40' is visible on the right side.

**REGATTA PACK :**            US\$

Navigation instruments H3000 Hydra  
 Speed/Depth/Wind/Compass and VHF  
 "Regata"

The image displays the components for the Regatta Pack. On the left is a VHF Northstar radio. In the center is the B&G H3000 Hydra navigation instrument. To its right is a blue B&G 7302 wind sensor. On the far right are three digital depth gauges, each displaying '14.2'. A red logo with a 'G' and 'A35 A40' is visible on the right side. A USB logo is also present at the bottom left.
